AudioCodes' Approval Policy

Upon the release of a new product, AudioCodes undergoes extensive efforts in a short time frame to verify the product in terms of its safety, EMC and telephony protocols in compliance and adherence to the standards of the major international markets.

We encourage customers seeking compliance with protocols or standards in other markets to contact AudioCodes' sales representatives. AudioCodes strives to support customers in achieving approvals necessary to meet both their regional and international requirements, thereby reducing their time-to-market.
